**TO WHOMSOEVER IT MAY CONCERN**

I came into contact with Indian Association of Chiropractic Doctors (IACD) through an acquaintance of mine. I had been suffering from lower back pain and had knee trouble while exercising. The doctors of Chiropractic Health Group treated me. After the treatments from Dr. Amit Jimmy Nanda, my back pain and neck pain is completely gone. I have also had tremendous relief from my knee pain from my chiropractic treatments with Dr. Ricky S. Rana. I am pleased that Chiropractic is being introduced to India and I promise to give it my full support to spread its awareness in the country. Chiropractic will be a great service to the country.
