TO WHOMSOEVER IT MAY CONCERN

Chiropractic is a non-invasive, cost effective treatment for sufferers of all types of different ailments. It gives me pleasure to know that Indians can now receive Chiropractic treatment that will be extremely beneficial to them. Indian Association of Chiropractic Doctors (IACD) is doing a great service by promoting and regulating the practice of Chiropractic in a very ethical manner. Chiropractic Health Group is the first IACD accredited clinic in India and all the doctors practicing in this clinic have been registered with IACD. This will definitely be a great service to India and all the Citizens. I will give any kind of support that the IACD will need to promote Chiropractic in India.
